DEBATE

What is a Debate?

A Debate is a contest where two or more speakers present their argument intent on persuading one another. It involves formal discourse on a particular topic .

Logical consistency, factual accuracy and some degree of emotional appeal to the audience are elements in debating ,where one side often prevails over the other by presenting a superior "positon" on the issue.

IdEEEas-2K21

DEBATE

Why Debate?

Debating is one of the most inherently cross-disciplinary learning activities a student can engage in. It employs all four zones of literacy: reading, writing, speaking & listening through a high level of critical thinking, argumentation. Students learn how to arrange their thoughts coherently & authoritatively, and employ several skills through the use of technology, collaboration & civic awareness. Keeping this in mind, IEEE SIT SB is proud to invite you to the first-ever IdEEEas Debate.

IdEEEas-2K21 DEBATE

Event Flow:

- The topic for the event will be released the day before the event.
- One member of the team has to speak 'For' the topic and the other member has to speak 'Against' the topic.
- There will be two separate categories for participation
 - > **Category 1:** 1st and 2nd years
 - > **Category 2:** 3rd and 4th years

IdEEEas-2K21 DEBATE
